

# PROOF THE ANCIENT ORDER KILLED SUSAN SMITH'S KIDS

● March 15 is the Ides of March. That is the day That Roman Emperor JULIUS CAESAR was betrayed and murdered by his friends and members of the Roman Senate. As the photo and caption at right shows, SUSAN & DAVID SMITH married on March 15, 1991, the Ides of March.

Ides (idz) pl.n. (takes sing. or pl. v.) The 15th day of March, May, July, or October or the 13th day of the other months in the ancient Roman calendar. [< Lat. *idūs*.]

● BEAST(47) + OF(21) + BURDEN(64) = 132

● The term "Beast of Burden" is used to refer to persons meant for suffering. Beast of Burden adds to 132. How many days were the Smiths married when their children were murdered on October 25, 1994? 3/15 is the 74th day. 291 left in 1991:.....291  
1992 and 1993. 366 + 365 = 731 days:.....731  
October 25 is the 298th day of the year:..... 298  
● Total=1,320

● Susan & David Smith were married exactly 1,320 days(the Beast of Burden"132" x 10) when Susan killed both their sons.

● The ANCIENT ORDER used this system of Laser Rays to control Susan & David Smith's impulses. They made the couple marry on the Ides of March and they made Susan Smith kill her own children on 10-25-94, faking the murders as a carjacking.

● These Laser Ray devices are operated by the ANCIENT ORDER's doctors, "medical doctors" or MD's. Look at the initials of the Smith's first child:MICHAEL DANIEL SMITH;"MDS", MD's.

● At right is the ANCIENT ORDER's "101" doctor code, "MD", from the element Mendeleevium. The tombstone at right shows that Michael D. Smith was born on 10-10-91.

● 101 x 10 = 1010. The birth of the Smiths' first child, MD's, was on the date of 101 x 10 or MD x 10; 10-10 in 1991.

● How many days were there between Michael D. Smith's birth and his and his brother's deaths? 10-10, Oct. 10 is the 283rd day. 82 left:... 82  
1992 and 1993. 366 + 365 = 731 days:..... 731  
October 25th is the 298th day of the year:..... 298  
● Total=1,111

● Michael D. Smith lived exactly 1,111 days before he and his brother were murdered. When you divide 1,111 you get only two numbers: 101 x 11 = 1,111. You get only 11 and the ANCIENT ORDER's doctor code:"101". Michael D. Smith(MD's) lived exactly MD/101 x 11 days before he and his brother were murdered by their own mother.

● But there is something else about 1,111. The 74th day of the year is the Ides of March, March 15 or 3/15. What is the 315th day of the year? The 315th day of the year is November 11 or 11/11.

It was Oct. 25, 1994.  
Another woman got on the line.  
"Mr. Smith? I'm so sorry-your wife is okay, but she got carjacked, and he took the children. The sheriff is here. Your kids are gone."
