

PROOF THE ANCIENT ORDER MURDERED RON GOLDMAN & NICOLE BROWN SIMPSON

• The ANCIENT ORDER took their name-total of 159 and used it to make a 1-month-59-day code List. They use these date codes to mark major events that they make happen.

• Another important code is the IDES OF MARCH code. As can be seen, the Ides of March is March 15.

• Roman Emperor JULIUS CAESAR was betrayed and murdered by his friends and members of the Roman Senate in the year 44 B.C. and on the date of the Ides of March, March 15.

• As shown, the double-murder of RON GOLDMAN and NICOLE BROWN SIMPSON took place on June 12 in 1994. June 12 is #252 on the List above.

• Now look at #251. At #251 is the Ides of March, March 15. The double-murder took place exactly the next date after the Ides of March on the ANCIENT ORDER's 1-month-59-day code List. The Ides of March code is also in Nicole Brown Simpson's name.

• The Ides of March is 3/15. The letter "O" is the 15th letter of the alphabet. Three O's is 3/15 and that is how the ANCIENT ORDER code the Ides of March in names. Now look at O.J. SIMPSON'S wife's name: NICOLE BROWN SIMPSON

O O O = 3/15

• The excerpt above shows the 2 victims "were slashed to death". That means a knife or knives were used. Julius Caesar's friend, BRUTUS, and members of the Roman Senate betrayed Caesar and they stabbed him to death using daggers(knives). Now look at both victims names together and see the Julius Caesar/Roman Emperor hidden references.

• RON GOLDMAN NICOLE BROWN
RO MAN C ROWN = ROMAN CROWN

3-7-2000

• Now look at the name-totals of all 3 parties involved:

O(15) + J(10) + SIMPSON(105) = 130

• NICOLE(58) + BROWN(72)..... = 130

RONALD(64) + GOLDMAN(66).... = 130

• All 3 names add to exactly 130. Below is from the ANCIENT ORDER's 1984.

THE 131 + ANCIENT(59) + ORDER(61) = 159

THE ANCIENT ORDER adds to 159. Below is the ANCIENT ORDER's "159" code list. The days of the year 1 month 59 days apart. For the "159" List they use 30 days for the month, 30 + 30 + 30. Each of these dates is exactly 30 days from the other. All 159 days are here, the first being the 89th day which is March 30th.
